### OIL EXPLORATIONS OVER FIVE COUNTIES INCLUDING HANCOCK

Standard Oil Company Auxiliary and Dutch Shell Interests, Two Largest Companies in World, Inaugurated Actual Preliminary Work For Drilling.

Interest in oil over an area of five counties in this section, including Hancock county, continues as prospectors work, with serious organized force and ample capital enters the preparatory stage for drilling. This interest accelerates as operations are based on the most substantial fact and already actual "shooting" in Hancock county has started.

The Dixie Oil Company, a subsidiary of the Standard has closed a contract not only with the Hines Lumber company, of Kiln, as already stated, but with the Crosby interests and the Weston Lumber company on some 600,000 acres of cut-over lands in Lamar, Pearl River, Stone, Harrison and Hancock counties. One of the officials of the Hines Lumber company has stated that the contract with the Dixie Oil company calls for an expenditure of \$500,000 in preliminary geologic work, with a provision that actual drilling shall start within ninety days after "a high" is located.

The original contract was with the Hines people alone, and called for an expenditure of \$250,000, but since the addition of the Weston and other lands to the deal, the contract has been increased to \$500,000. The Dixie now has three crews shooting on this block. The Roxanna is shooting on a block which they have in the extreme southwest corner of Hancock county, near the Louisiana line, and at Bay St. Louis concern is shooting in the neighborhood of Kiln, in Hancock county, representing the Dutch Shell interests.

The fact explorations for oil have begun in Hancock county and are active place this section of the five-county area more prominently to the front. It has been repeatedly stated if oil is to be found in South Mississippi is more apt to be found in the coastal region, and not far from the water.

It has been the belief of many for the past twenty years that when the Standard Oil company indicated a belief that oil "in commercial quantities" could be found in Mississippi, then and not till then, would oil be found in this state. That belief now seems to find justification in the actual operations of a company said to be a "Standard subsidiary."

### COAST FANS ABLE TO VISIT CHICAGO BY DIRECT ROUTE

For Dempsey-Tunney Fight September 22nd—Special From Gulfport Direct to Twelfth Street—Mississippi Coast Club Calls Attention.

Fight fans of the Mississippi Gulf Coast from Bay St. Louis and elsewhere, who are anxious to see the Dempsey-Tunney fight, will be provided with an exceptional opportunity to attend the forthcoming Dempsey-Tunney fight at the Soldiers Memorial Stadium in Chicago on September 22nd, as a result of the plans which have just been announced by T. E. Harris, in general agent of the Illinois Central System, for the operation of a special train from the Mississippi Coast and New Orleans to this world's championship ring classic.

Jackson will be the covering point for the special train which will be operated from New Orleans and the Mississippi Coast. The exact running time has not yet been announced, but the train is scheduled to arrive in Chicago at the Twelfth Street station along the lake front on Thursday morning, September 22nd, where it will be parked and open to its occupants during the stay in the Windy City.

The Twelfth Street station on Michigan Boulevard is located within easy walking distance of the Soldiers Memorial Stadium, which is only five blocks away.

Consideration is being given to the offering of a special round-trip rate for this trip. It is believed that many sports enthusiasts will take advantage of this unusual opportunity to witness, under convenient, favorable circumstances, this event which is attracting wide-spread attention all over the world.

The operation of this special service is only one more instance where by the Mississippi Gulf Coast is benefiting by the ready contact with Chicago made possible by the acquisition of the G. & S. I. R. R. by the Illinois Central System, Coast citizens interested in beyond this trip are requested to get in touch with the offices of the I. C. System in the G. & S. I. Bldg., in Gulfport and the Kennedy Hotel Bldg., in Biloxi.

### Gulfport Man Is Dead; Took Only Two Drinks, He Said

Henry Talley, 41, in the employ of the city of Gulfport, died Saturday night following a series of convulsions, which was said by a physician to have apparently been produced by strychnine poisoning. Before dying he was quoted as saying that he had taken two drinks of moonshine, but refused to say where he had obtained them. An analysis of the contents of the man's stomach will be made at the request of the coroner. The body will be buried in the city cemetery.

### BAY ST. LOUIS MAN TO GIVE SLIDELL NEW MOVIE HOUSE

R. C. Richards, of Bay St. Louis, Associated With B. V. Sheffield, to Build \$25,000.00 Theater—Long-Felt Want to Be Filled.

R. C. Richards, resident of Bay St. Louis, actively interested in several smaller city circuits, including this city, has completed plans to build a new playhouse at Slidell, taking the place of the unpretentious one there now. The Slidell Sun carries the following story in its current issue:

A new and modern theater costing about \$25,000 will soon be erected in Slidell. The site, on Front street, adjoining the Masonic Temple, has been secured and the actual construction work will begin shortly. The building will be of fireproof construction and equipped with modern heating and cooling systems, seating accommodate any vaudeville act or plans also call for a stage that will accommodate any vaudeville act and play and a balcony. The size of the structure will be 40 by 120 feet and have a pleasing ornamental front in keeping with the beauty of the interior.

B. V. Sheffield, who has conducted the Clio theater for several years and who knows the theater business thoroughly, is associated with R. C. Richards, a brother of E. V. Richards, vice-president and general manager of the Saenger Amusement company, of New Orleans, in developing the project. Mr. Sheffield will be the manager in charge of the theater, the name of which has not been chosen. Slidell has long needed a modern playhouse and Mr. Sheffield and Mr. Richards are to be congratulated on their foresight in providing a theater that will match the progressiveness of the town.

### BAY ST. LOUIS SEAWALL.

Representative-elect Bryan Russell, from Hancock county, on reading The Sea Coast Echo last week, said:

"I am fully in accord with your editorial in which attention is called to the proposition a bill be introduced at the coming session of the Legislature, asking outstanding bonds for the Bay St. Louis seawall be redeemed from money raised by gasoline tax, same as the Waveland wall is to be financed. The suggestion is one that should be carried out. It has no fear of opposition to the proposed bill, one of local legislation, especially since it is one of equity to all concerned."

We are satisfied Mr. Russell will exert every effort in this behalf, and that he will succeed.

### ADAM IS NOW IN SECOND PRIMARY; COUNT RECHECKED

Official Announcement From Jackson—Will Oppose Love in Run-Off Lieutenant Governor—Chances in Favor of Adam.

Bidwell Adam, candidate for lieutenant governor, of the Mississippi Gulf Coast, on Wednesday night at Jackson was declared to be a candidate in the second primary, August 23rd, to oppose M. P. Lowrey Love, of Hattiesburg, for the nomination by the State Democratic Executive Committee, following a recount of official returns from every voting precinct in the State.

Adam's chance of getting the nomination in the second primary are exceedingly good, as it is said by knowing ones he will get the bulk of the Smith vote, the third candidate eliminated. Adam has made a hard and earnest fight, he is young and capable and has strong backing over the State. Besides, it is but fitting and fair the Gulf Coast and South Mississippi.

The recount, demanded by T. M. Henry, president of the insurance commission, did not materially change the official returns and Ben Lowrey, present state treasurer, stands as elected to that office.

The vote in the race for lieutenant governor, reported by a subcommittee appointed to recount returns is:

Love, 135,366; Adam, 105,127; Smith, 80,537.

This report on the recount shows a loss to Love of 181 votes, a gain for Adam of 125 and a gain to Smith of 252. Love failing by 178 votes of polling a majority over his two opponents in the first primary August 2nd.

The first count in the race for insurance commissioner shows Lowrey with 128,077 votes and Henry with 123,125.

### MINSTRELS ENTERTAIN LOCALLY

Dixie Aggregation of Black Face Artists Present Benefit Entertainment.

### PROGRAM ENHANCED WITH DANCE NUMBERS

Favre, Scafield and Gordon Outstanding Figures—To Play Coast Cities.

Woodmen Hall was filled almost to capacity Wednesday evening with a select audience to witness the initial performance of the Dixie Minstrels, an organization of local talent, and one that bids to take place in a rank above the average amateur. In fact, so successful was the presentation that already dates have been secured to play in two of the Coast cities for this month.

Staging the performance for the benefit of the K. C. Home debt fund, this object was consummated by the results, netting a most substantial amount of cash, not yet exactly known until return of ticket sales.

A. G. Favre was interlocutor, a role which he took with admirable poise and effect, and Arthur A. Scafield and Chas. Gordon were irresistible as end men, two types with their antics that the audience in splendid humor, and men absorbingly interesting from beginning to end.

Other members, Raymond Carrio, Alden Mauffray, Henry Landry, Claude Bourgeois, Eddie Arceneaux, Robert Van Court, all filled their particular niche to general satisfaction, and each rendering a vocal solo, with chorus. It was easily discernible embryonic singers have been concealing their light under bushel; voices that bid fair for the future.

The black-face playlet, "A Dark Secret," was the fitting finale. A sketch of extreme mirth yet not in the least overdone, a temptation so often noted with black-face performers.

Miss Praetorius and her dancers were seen in a number of unusual dance numbers, portraying the very personification of grace in classic and other numbers of charm. The dancers, local talent, and members of Miss Praetorius' class, won instant favor, and the hope is expressed they may be seen again on some occasion.

The Dixie Minstrels should become a permanent organization and from season to season privilege our people to another of such entertaining evenings as was spent Wednesday. The Echo would encourage and commend the black-face Thespians to further interest.

### OFFICIAL RESULTS PRIMARY

Democratic Executive Committee Declares Results and Nominees.

### SHERIFF ASPIRANTS IN SECOND RUN-OFF

Second Race in Every Beat For Supervisor Save Beat 1—No Opposition.

Hancock county's Democratic executive committee met Monday and canvassed the returns of the recent primary election, with the result Bryan Russell defeated W. J. Fleming, Jr., for Representative by a majority of 133 votes.

For sheriff and tax-collector Jones and Keller will have to enter the second primary. Monti eliminated by a small margin of only about thirty votes, an unusually close figure in a contest of the kind. Keller and Jones both claim victory in the second runoff and the contest is going to be close. This is generally accepted.

D. J. Everett, of Kiln, captured the nomination for superintendent of education over Ilaus Jones, of Logtown, by a decisive majority of some five hundred.

In Beat 5 the contests for supervisor and for J. P. will be fought along the closest lines. Mauffray and Cue will contend for the office of supervisor from the Bay St. Louis beat, the largest and heaviest taxing-paying one in the county, while W. H. Starr and Frank Gutierrez will try conclusion for J. P.

All interest will revolve around the respective races for supervisor and for J. P. and it is expected a large, if not full, vote will be polled. Both sides are capable and have strong backing and there will be no landslide for either one.

In Beat 2 John B. Wheat, present supervisor, will run over with Brown; Beat 3 supervisor, Calvin Shaw with Goss, and Beat 4 supervisor, Joseph May with Fred Curel. No contest in Beat 1. Supervisor Weston nominated without opposition.

The following totals are from the official results, as tabulated by the county Democratic executive committee:

For Governor.  
M. M. S. (Mike) Conner, 194; Albert C. Anderson, 10; Dennis Murphy, 330; Theo. G. Bilbo, 1,737.

For Lieutenant Governor.  
M. P. Lowrey Love, 343; Bidwell Adam, 1,035; John L. Smith, 114.

For Auditor Public Accounts.  
Macey Dinkens, 626; C. C. White, 925.

For Insurance Commissioner.  
Ben S. Lowrey, 664; T. M. Henry, (CONTINUED ON PAGE THREE)

### NEW HOME WAVELAND TO OPEN

Charitable, Educational and Recreational Home to Open Tomorrow.

### THE PETERS PLACE EVANGELICAL CENTER

Another Charitable Institution For Gulf Coast—Dielmann Memorial Home.

Another institution devoted to charitable, educational and recreational activities will be added to the numerous institutions of such character along the Gulf Coast. The house owned by Mr. Henry Peters for about 35 years, near Waveland avenue, Waveland, Miss., has been remodeled and renovated and will be dedicated on Sunday, August 14th, at 2:30 o'clock p.m., as the Otella H. Dielmann Evangelical Center. With the generosity of Mrs. Dielmann the Evangelical Union of New Orleans and Vicinity is enabled to materialize a desire cherished for many years. Convalescents and other persons whose pecuniary circumstances do not enable them to fill the physician's prescription, "rest and plenty of fresh air," will here be given an opportunity to recover health and strengthen the Gulf Coast Evangelical Leadership Training School, Girls' Camp and Boys Camp and other gatherings of educational and recreational character will be on the yearly program.

For the dedication service many people from New Orleans will be present and the citizens of Waveland and Bay St. Louis are cordially invited to attend.

The day after the dedication the Gulf Coast Evangelical Leadership Training School, under the auspices of the Board of Religious Education of the Evangelical Synod of N. A. will be opened and last until August 26th. On August 30th the Evangelical Women's Federation of New Orleans and Vicinity will arrive by chartered train and spend a pleasant day. From the 31st of August, for ten days, the premises will be enlivened by the presence of girls between the ages of 12 and "sweet 16," the Evangelical Girls' Camp, under the leadership of Miss Nettie Hugo.

Evangelical Women's Federation Brotherhoods, Young Peoples League and Ev. Bible School Workers have aided with one another to equip the buildings for the work to be done, and Mr. Daniel Ziegler, energetic president of the Evangelical Union of New Orleans and Vicinity, has been untiring in his efforts to make the place both serviceable and beautiful, superintending the renovation and necessary alterations and additions; and carrying out the fond wishes of all concerned as far as possible.

### EVENT FOR BAY CITY MACCABEES

Jubilee Celebration to Mark Visit of Former State Commander This Month.

### AFFAIR OF INTEREST WORTHY OF EVENT

Bay Maccabees One of Many Organizations For Which Bay City Is Noted.

Bay St. Louis Maccabees are to have the distinction of a visit from a former State Commander in the immediate future.

Maccabee Tent, No. 67, will have as their guest E. H. Palmer, of Indianapolis, Ind., on Friday, today week, August 19th, and he comes to Bay St. Louis not as a stranger for he is well known to the local membership, formerly serving as State Commander for Mississippi up to seven years ago, when he was transferred to West Virginia, since then directing the work in that state until the latter part of 1925, when he was transferred to his present location in the Hoosier State. In coming to the Coast, he comes to spend his vacation, named with this section of the country and interested by reason of the fact he is generally well known.

For the occasion Bay St. Louis Maccabees are planning and completing arrangements for a jubilee celebration, in charge of a committee composed of Thomas MacAdams, Ben Starita, John Damborn, F. E. Pargard, assisted by District Manager D. V. Cochran, of Gulfport, all working in unison and with concerted effort with a view of accelerating every movement in behalf of the occasion to one big success. A number of new members are enrolled and no effort is spared to make the affair one of interest and worthy of the occasion.

In this connection it might be well to say here Bay St. Louis Maccabees are quite active and their tent prosperous, with R. C. Engman as commander.

Mr. Palmer is now in Gulfport where the Maccabees of that city are celebrating their 75th anniversary. Many other antisocial meetings have been planned for Mr. and Mrs. Palmer during their visit to the Coast. At the close of the month's celebration.

E. V. Richards, general executive manager of the Saenger Amusement Company, with headquarters at New Orleans, pays this voluntary word of generous praise to The Echo:

"I wish to compliment The Sea Coast Echo and the people of Bay St. Louis for having such a live and progressive newspaper. I never saw a more rapid improvement in a newspaper. This is from every standpoint, editorially, news, features and general get-up. More importantly I never saw a more tasteful selection of type. It seems to me the publisher spends considerable of the business revenue for new type faces and for general typographical excellence. He seems to be constantly putting money earned back into the business."

casualty news these days that little or no room remains  
for constructive subjects. There was a time the Gulf  
Coast and other sections came in for much time and at-  
tention, but crime apparently now has the center of  
the stage. Question: When will it stop?There is a grave doubt if the public wishes to read  
the salacious news dished out by the daily press. Has a  
busy man or woman, a builder, doer of things, time to  
wade through the slush, lots of which is exaggerated by  
feature (?) writers. It is noticed successful people, as a  
rule, find comparatively very little time to indulge in  
voluminous reading of such character.The Mobile Register deprecates the double primary  
as useless and non-sensible and cites the Bilbo-Mur-  
phree run-over as a striking example. Figure a candidate

The expense of such a second primary is not only ex-  
pensive but an ordeal to burden the people.One or two hotels recently placarded the Harrison  
county section of the Gulf Coast beach with advertising  
signs, defacing nature's beauty and hoping to attract  
strangers to this section. However, at a meeting of  
the Coast Hotel Association held a few days since, resolu-  
tions were adopted denouncing the nuisance of the un-  
sightly bill board. There should be no signs or placards  
at any place on the Coast or beach line. The remedy:  
Zoning laws.With an expenditure of millions of dollars for sea-  
wall construction the Mississippi Gulf Coast, from the  
Waveland to Pascagoula lines, such protection is as-  
sured as to not only enhance this section but to secure  
in perpetuity its protection from erosion and damage by  
warring elements. The Coast, with its seawalls, auto  
bridges and wealth of magnificent hotels has come to a  
phase of its existence where only a few years since it  
have predicted these things would have been discount-  
ed. The Coast has never had such present and future!**HONEST MEN.**Harry T. Huff, of New York, an executive in a large

better risks than thin men; men whose safety value is  
a "little light casing" are better than the over-plump;  
married men are far better risks than single men with  
no responsibility, and women are more honest than  
men, the losses through women being negligible. Of all  
types, he said, he never had known of a Chinese to have  
been a loss to his company.**AUTOMOBILES, INSTRUMENTS OF  
DEATH!**The increased number of automobiles brings about  
an increasing number of fatalities every year. The Sea  
Coast Echo has several times called attention to the  
enormous toll taken by the craze for speed. The death  
and accident lists of the nation, if compiled in a daily  
communique, would read like the casualties of a battle.In fact, the National Automobile Chamber of Com-  
merce asserts that more people have been killed by  
automobiles in the United States in the past eight years  
than the American soldier dead in the World War. In  
the years 1919-26, 137,017 persons were killed by au-  
tomobiles and the number of injured aggregates the stag-  
gering total of 3,500,000 since the armistice.The price that is paid escapes general attention, but  
the sorrow comes to those whose loved ones are injured.  
The citizens of this section, like those elsewhere, have  
accepted this enormous loss with little regard to the  
fact that it could be greatly reduced by proper preven-  
tive methods. The same casualties, if caused by an un-  
known, dread disease, would call forth weeping and  
wailing all over the nation.Every town can do something towards limiting this  
enormous toll of accidents and deaths. They can enforce  
adequate speed laws, and compel the observance of traf-  
fic rules, making "stop" corners at dangerous crossings  
and, if advisable, creating one-way streets.Let us consider this now, before some fatal ac-  
cident brings gloom and sadness to our own home.**SEE HOW WE GROW.**Visitors to Bay St. Louis this season have admired  
the hardsurfaced streets and new concrete sidewalks  
over the city and carry away lasting impressions. It is  
hoped in time the paved streets will at least carry along  
with the hard-surfaced sidewalks, if not beyond that  
point and limit. We have every reason to believe it  
will.Bay St. Louis, with Hancock county co-operating,  
has made remarkable progress in the last couple of  
years. It is noted the public improvement has not been  
without good effect. Just as success begets success,  
one improvement insures another and so on.In this connection, we cannot but note not only the  
completion of such improvements as mentioned above,  
but also that of the new city \$80,000 high school, \$50-  
000 Masonic Temple, \$60,000 theater building, etc., but  
at least one hundred new dwellings either completed or  
in course of completion and construction. In addition,  
the Louisville & Nashville is spending some twenty-  
five thousand dollars in practically rebuilding its pas-  
senger station in Bay St. Louis, the largest and most  
attractive on the Coast.Bay St. Louis has made wonderful strides in so short  
a time, and the better fact exists in the statement there  
is more building and improvement along private lines  
in progress than at any one time in the history of the  
city. Last week The Echo carried a column of such  
improvements, and this was only a fraction and includ-  
ed only current instances.**COOLIDGE'S RENUNCIATION.**President Coolidge startled the nation last week by  
declaring in a brief statement, "I do not choose to run  
for President in Nineteen Twenty-eight."Various interpretations have been placed upon his  
declaration by the members of both parties. Since the  
statement was issued for the express purpose of advising  
the people of the attitude of the President we do not  
think it just to impute sinister motives. To assert, as  
some of his critics have done, that it means nothing,  
that he will run again if nominated by his party is, it  
seems to us, an unfair interpretation.President Coolidge's re-nomination was assured, if  
he desired it. Whether the anti-third term tradition  
would have brought about his defeat cannot be known  
but this question will not arise in 1928. We do not be-  
lieve that the President is trying to play what is popu-  
larly called "smart" politics by appearing not to want to  
run. We believe he is sincere, and that his statement  
means that he has joined Washington, Jefferson, Mad-  
ison, Monroe, Jackson and Roosevelt in declining a third  
consecutive term.In so doing he has sacrificed personal ambition and,  
to some extent, disorganized his party, but he has, we  
believe, lifted himself higher in the estimation of the  
people, regardless of party affiliation.**GOING BACK TO SCHOOL.**There are hundreds of young people in Hancock  
county who must decide whether to go back to school  
this. Luckily, most of them will be wise and continue  
their training, but, unfortunately, there are some who  
will turn a deaf ear to the counsel of age, and seek to  
make money at once.It is, we admit, a temptation to young men and  
women. To get out for one's self and earn independent  
support is a rosy prospect until one has tried it for a  
decade or two. However, by that time the opportunity  
to go to school has vanished, and it is too late to wish  
for a better education.The Sea Coast Echo can do little to persuade errant  
pupils that their best job this fall and winter is to be  
found in the school, but whatever little can be done  
along this line we want to do. We urge all who pos-  
sibly can to continue through high school and college.  
It means money later on; don't forget it. Even if the  
family burden might be lifted slightly today by the ad-  
dition of another worker it will be eased more in future  
years, after the process of education is completed.**SHIP AND PLANE SAVE TIME.**Since the flight of Clarence D. Chamberlain, from  
the deck of the Leviathan, demonstrated the feasibility  
of airplane service in conjunction with ocean liners, we  
may expect, very soon, the inauguration of a combina-  
tion of ship and plane service across the Atlantic.This will make possible a saving of at least two days  
in trans-Atlantic trips, and will bring mail promptly to  
port. The idea, as we understand it, is to have planes  
leave the liners hundreds of miles from shore, and  
speed into port, leaving the ships behind. As the speed  
of an airplane is approximately four times that of mod-  
ern liners considerable time can be saved.It is interesting to know that for many months mail  
has been dispatched to, and from ships twelve hours out  
of New Orleans. The extension of this service is pos-  
sible and vitally affects the time of oceanic trips. We  
hope the U. S. Shipping Board will take prompt steps to  
inaugurate plane service in conjunction with all of its  
vessels.Our brilliant and capable young friend, Bidwell  
Adam, of Pass Christian, comparatively unknown until a  
few months since, made a splendid run in his race for  
lieutenant governor, and is to be congratulated. The  
hope is expressed he will run again. He owes it to the  
thousands who voted for him. He lacked only 2,000  
to be in the second running. He polled over one hun-  
dred thousand votes.Bilbo scored handsome majorities in both Bay St.  
Louis and the balance of Hancock county, as he gen-  
erally does. With the elimination of Connor he will  
capture a still bigger vote over the State.**This Week.****The Average Farmer.  
Know Yourself, Add 10  
Years.****An Expensive Spanking.  
O. H. Kahn, Wise Father.  
BY ARTHUR BRISBANE.**

(Copyright, 1927)

How would you like to be the aver-  
age American farmer? His farm is  
315 acres. His investment \$16,308.  
His average net return for 1926 was  
\$1,133.He could make more than that driv-  
ing a street car, getting regular  
sleep, not worrying about weather,  
lameness, sick cows, rust on wheat,  
bugs on potatoes, blight in the or-  
chards, etc.The puzzling question is why is a  
farmer?More important to millions of  
Americans, cotton has gone to a new  
high price for this year, three times  
on three consecutive days.When cotton, not long ago, sold  
at half today's price, this writer said  
to Mr. Clarence Dillon, ingenious New  
York financier: "Buy yourself plenty  
of cotton and you will make a great  
deal of money."Dr. Sherman, of Columbia Univer-  
sity, shows that man's "vital years"  
can be increased by the right diet.  
Efficiency can begin earlier and last  
longer if men eat enough of the right  
things. Chemistry applied to diet  
will soon add ten years to the work-  
ing period of human life.Mrs. Aimee Semple McPherson,  
whose conversion of sinners proves  
her inspired, fights as well as she con-  
verts. Her former choir leader, Mr.  
Nichols, says: "Confess what really  
happened when you were supposed to  
be kidnapped." Mrs. Aimee Semple  
replies: "I told the truth, walked in  
the light, and you are only looking  
for advertising, which you need." There  
is nothing like courage to take  
you through. Mrs. Aimee has it.In Washington, Mrs. Fader spanked  
her three-year-old son, Bruce, be-  
cause he would climb the White  
House iron fence. During the spank-  
ing her \$3,000 diamond bracelet flew  
off and was lost. Bruce saw the  
bracelet in the air but, busy with his  
spanking, said nothing. Whipping  
children causes greater loss than that  
of any bracelet when it destroys the  
child's affection and respect for par-  
ents.Another American, Lieutenant C.  
Champion, Jr., of the Navy, sets  
another flying mark. He is believed  
to have broken the world's altitude  
record.He fought a temperature 90 de-  
grees below zero and his plane caught  
fire. An ambulance rushed to meet  
him, found him grinning instead of  
dead as was expected.Our atmosphere is 500 miles high,  
or deep, so thin at the top that a  
feather would not float in it.How high up will men go? Will  
they be astronomers looking through  
thinner air at the universe outside of  
us?Lieutenant Champion's estimated  
altitude of 47,000 feet is questioned.  
He says he will go up again and high-  
er.Mr. Chamberlain, Atlantic flier,  
will try something new in commercial  
shipping-aviation. In a little sport  
model biplane he will fly from the  
deck of the steamship Leviathan,  
showing how passenger and mail  
transportation can be speeded up by  
flying from big ships as they near  
port.Soon flying machines will cross the  
ocean more safely than boats do now  
and in one-fourth of the time. Then  
a combination steamship and plane  
will seem strange, but it is a useful  
transition now.A wise father lets his son do what  
he wants, within reason, for what a  
boy wants to do is usually what he  
can do best.One of his boys liked music and  
wanted to lead a jazz band. Mr.  
Kahn said: "Go ahead and lead it."  
He knew the jazz band fit would not  
last long.Now, young Mr. Kahn, nineteen  
years old, has taken to flying, is his  
own pilot, and skillful. That does  
not make his father and mother sleep  
more soundly, probably, but Mr. Kahn  
says: "Go ahead and fly."In more Americans with money  
would let their boys fly. "Thous-  
ands of normal American boys would  
like to fly—this country would soon  
lead the world in aviation."**HE LIKES IT SO MUCH  
HE "BARNSTORMS"  
ON HIS VACATION**When a street car conductor has a  
vacation, it's said that he usually  
spends it riding on the street cars.  
Lon Chaney spent his vacation in a  
more picturesque manner that rather  
recalls the idea—for he spent it  
"barnstorming" with a couple of old  
vaudeville friends through a series of  
"one night stands" in Montana.On completion of his latest Metro-  
Goldwyn-Mayer feature, "The Un-  
known," coming to the A. & G. The-  
ater this Sunday and Monday, Chaney  
set out for his first vacation in  
months. He went to Seattle, with  
Mrs. Chaney, and there they met two  
old friends, a vaudeville team, about  
to play "one night stands" on a small  
circuit through the North.Chaney and his wife used to do this  
themselves—back in the days before  
the actor won fame on the screen.  
"It's like old times," they decided,  
and went along. They stayed behind  
the scenes while their friends put on  
the act—they got up at six in the  
morning to make trains—and lived  
over again their life of some years  
ago when they, too, were "barn-  
stormers.""I haven't had so much fun in six  
years," says Chaney.Joan Crawford and Norman Kerry  
support Mr. Chaney in "The Un-  
known."**Just Dying of Curiosity**

**Many Railroads Employ

Experts to Help the Farmer**For a railroad to be prosperous, the territory it traverses  
must be prosperous. The steam railroads of the United  
States are partners, not only of industry, but of the farm-  
ers as well—a great many of them employing trained  
experts in every line of agriculture and live stock en-  
deavor, men who have had technical as well as practical  
experience in producing and marketing crops at a profit.  
These men are at the service of farmers who need their  
advice and counsel.The Louisville & Nashville Railroad has for many  
years conducted a special department for bringing good  
farmers to the South, and for co-operating with them to  
the fullest extent in making their new homes pleasant  
and profitable—advising as to what crops to plant, and  
when to plant them; helping to arrange co-operative  
marketing plans and shipping arrangements and liter-  
ally doing everything in their power to help Southern  
farmers to achieve health, wealth and happiness. The  
help of these experts is gladly given without cost as a  
part of the L. & N. service.

## COMMENT ON SPORTS

The battle of the year will be staged at Chicago on September 22nd, according to the latest announcement from Promoter Rickard, who says that this will be the last championship bout staged out of New York, where a larger arena is to be built. Partisans of both Dempsey and Tunney, mostly the former, will now begin the pipe songs so necessary to bring the heat of battle to the two million-dollar gate pitch.

The fight is to be ten rounds and may be decided with both men on their feet at the end. In this case, it seems likely that Tunney, a great defensive fighter, will win. For Dempsey to win, in our judgment, he must put over a knockout, or a blow so near to the sleep-producing punch as to make Gene Tunney unable to properly defend himself thereafter.

Most of the baseball fans of the nation rejoiced when Walter Johnson came through in the recent world series. They are also pleased at the wonderful reception he got last week when he rounded out his twenty years of service with the Senators. After the game Johnson declared he was through as a regular, but that he had a number of good games in his arm yet. We hope the game can't afford to lose many players of the Johnson type.

The big league races are just about the same, a walk-away in the American and a close set in the National all of the first division have a chance to land the rag. The home-run race between Ruth and Gehrig continues exciting with the possibility that the King of Swat may be displaced by the Prince of 1927.

## "FULLER BULL" REVIEWS CO. AND STATE ELECTION OF EVENTFUL AUGUST 2ND

Bilbo Likened to Lindbergh—Ran so Fast Necessary to Relay Radio—August Twenty-Third Looked Forward To—Facetious Comment.

Election Battlefield, August 9, 1927.

Dear Friend Red:

"Onward charged the 600!" That was couple days ago, boy, they ain't no chargin a tall now, unless some other candidates is a chargin a big lot to profit and loss. One guy I seen was takin his easy—he's in a nice fittin' biz anyhow an when I pries him open on the vital statistics of the wounded subject he looks at me with a cold shiver an says, says he:

"I'm chargin' mine to experience!" To show how he hadn't lost his nerve, he tries to sell me oil stock in the Sweet Potatoe Oleo Corpse. At the same time, bleevein it was bony fide, Bayou Gallere drippin'.

Yeh, Red, the charge of the 600 laid a lotta 'em low at the same time pilin some of 'em high.

Say, didn't Friend Bilbo romp! Wow, an a couple booms! We'll say that bird did. He led the parade some strongly.

Red, long t'wards a couple clock in the a.m. when they was countin' the votes, an friend Bilbo was zoomin, one guy blurts out: "That aint Bilbo, thet's Lindbergh, lookit him goin' all by his lone!"

Yeh, that Theo boy wasn't runnin, he was flyin—he left Murphree, Conner and Co. so far behind that they had to relay the radio to findem—yeh!

Now, Red, whadova think they aim for a 2d primary for a runoff twixt Bilbo an Murphree! Well, dam! Ain't that dahmfulshus, Red! Some guys ain't got the brains of a mosquito hawk when they figure on Dennis Ickin Theo in a 2d prim.

This guy's name was always "Dennis"—howcome he can't get (as Uncle Dan says) the "import" of it by now—Dennis an "mud" is close kin in trouble times, yeh!

Yeh, Friend Dennis is gointa be like the tramp in that little one-act tragedy entitled, "The Pay-Train and the Tramp."

That play's goin on the boards Aug. 23d, Red, on the Miss. stage an the world's gointa be in the front row. It usea be a tragedy, but on 23d its gointa be a comedy, with a buncha slapstick art throwed in. Yeh, it's gointa cost Ole Miss a buncha dough rae me to stage the comedy, but Dennis don't giva darn, his admin. won't be makin it good later.

These same guys whats gointa put Ole Miss in debt for a 2d primary are gointa pass the bill to Billbo—yeh! Red, boy, if you hear a loud noise up yonder where you all reside, don't worry, bo, cause it's the famous rebel yell of '62. Every Confed Vet on sight, O' Cause Bilbo says "Dollars a day Vets on French"—Yeh, Vet!

Down in these neck o' th' woods we gointa celebrate the 23rd too, Red. They's got several an sundry candidates whats gotta toe the mark again, yeh, an the kittle's on the boil almos strange bedfellas, yeh, it do! They's a family of 4 voters here, fur instance: One votes Bilbo, nuther votes Murphree, nuther crosses Anderson an I'll be darn if the last member of this cross-puzzle quartet didn't write "Trotsky" on his ticket.

Say, Red, they's gointa have charges preferred agin Leon Capdepon for stuffin ballot boxes. I'm a witness, shure, didn't I see him workin' on one with a big stick—guilty, yeh, I'll say is! Leonsky is gointa run in the Mayo's race in Nov. an it'll be a cinch to win the way this bird uses the tamin rod.

That'll be in the Com-mission form of Gov. where sins of Om-mission won't count, see? That's a foxy bunch Red, but all'er'll kep tab okay.

Your no-protest friend,  
FULLER BULL.

## SENATOR MARSHALL SPEAKS IN DELTA FOR GOVERNOR BILBO

Clarksdale Daily Register Pays Tribute to Bay St. Louis Resident as a Master of English and Declinator of History.

Touring the State of Mississippi in the interest of the candidacy of ex-Governor Bilbo, Senator Carl Marshall, prior to the primary of Tuesday, spoke in many communities and to large assemblages. The press of the State in every instance paid him tribute, and even though not of the Bilbo following, were fulsome in their reports of the Senator's efforts.

Following his speaking at Clarksdale, the Daily Register of that city contained the following, which will be read, even though after the election, with much interest by the friends and admirers of Senator Marshall over the district and State.

The Register said in part:

In the present state of politics, existing, not only in Mississippi, but throughout the nation, it is seldom given to hear the type of speech which was made by Senator Carl Marshall on the courthouse lawn in behalf of ex-Governor Bilbo, who is aspiring to re-election to the office he held eight years.

But back to Senator Marshall's speech. It makes no difference whether or not one is a supporter of Bilbo, a good talk deserves praise as such and that speech was a masterpiece of oratory. We have heard of Bilbo, a good talk deserves praise as such and that speech was a masterpiece of oratory.

Master of English.

Marshall's command of English, his enunciation, his very manner of presenting his theme, showed him to be that to which we so seldom have the opportunity of listening, a student of the history of our country and of the principles of Democracy. He declared himself as a member of the political church whose creed was democracy. His theme was taken from the section of Constitution of Mississippi, which says "All government is vested in and derived from the people, all government of right originates with the people, is founded on their will only, and is instituted solely for the good of the whole." He delineated the principles of government as of Democracy in a clear, statesman-like manner. It is a pity that Senator Marshall does not lecture on the duties and privileges of citizenship all over the state. He put forward Bilbo's claims for election as a humanitarian, as the great humanitarian. One saw Bilbo as a great statesman, with a face like a gargoyle and a personality entirely unattractive, with a moral record, accomplishing more for the welfare of humanity than all the latter day saints of the commonwealth.

Senator Marshall's speech was not one to arouse the cheers of the ignorant and prejudiced. His appeal was entirely to the brain, but it seemed to take with the washed and unwashed. His logic was clear, his sarcasm biting. He pointed Murphree's statement of the night before, wherein he declared himself the friend of the Delta. "When the leaves broke, he didn't know Ed Peacock was alive, E. L. Anderson might never have existed. As flood dictator, he appointed a man from South Mississippi who knew no more about water than he had learned from the creeks in the hills and an occasional bath."

O. L. Crosby, a Pieguyne, was appointed director of flood control during the recent disaster.

Marshall denounced Murphree's action as a direct thrust at the Delta, when he voted to recall Senator Percy from the United States Senate.

Score Conner.

Mike Conner, the soldier, came in for his share of licks.

"Mike might be a Napoleon, he might be a Gen. Lee, but nobody will ever know it. He might be the greatest of all statesmen, the most able of governors, but nothing he has done proves it and nobody will ever know it." He declared that he liked Mike, that he knew Mike was not afraid to go to war, but that he was too selfish, too much wrapped up in his own political advancement.

## PUBLICITY FOR BILOXI.

Biloxi Rotarians have become interested in the proposed ten-mile swim from the Isle of Caprice to the Mississippi Coast during the present season. They believe this will give the city widespread publicity.

Members of the Merchants' Bureau, Biloxi Chamber of Commerce, are planning a "Bigger Biloxi Week" for the near future, with a program of inducements for country people to visit the city during that special time.

Leonard Dazel, scheduled to fight ten rounds with young Leonard, of Biloxi Tuesday, has withdrawn owing to injury. His place will be filled by Jack Wayne. The six-round semi-final will be between Mike Gordon, Utica, Miss., and Battling Kelly, New Orleans, with the preliminary between Geoff Gules and Louis Laddier, both Biloxians.

## Few New Cars Have Received a Welcome so Emphatic and Sincere

As Dodge Brothers expected, this brilliant new Four has instantly won a vast and enthusiastic following—is already a spectacular national hit.

Within two days after the first public showing orders were received for \$3,250,000 worth of the new Sedans.

Mile-a-minute performance at this unheard-of price is one striking reason—and here are a few of the others: From 0 to 25 miles an hour through gears in less than 7 seconds!

Longest springbase of any car under \$1000!

25 miles per gallon of gas at 25 miles per hour.

19-foot turning radius!

Chic, smart, up-to-the-minute body lines—fashionable pastel colors!

Plenty of seat-room, leg-room, head-room—a big, luxurious interior, richly upholstered!

Built to last long and re-sell high.

And the lowest priced sedan in Dodge Brothers history.

See it—drive it—and you'll deliberate no longer.

## CITY ECHOES.

—Miss Evelyn Breath, young and attractive daughter of Mr. and Mrs. James Breath, of New Orleans, is spending several days at the Lader home on Kellar avenue.

—The Women's Missionary Society of the Methodist Church will hold its monthly meeting in the home of Mrs. F. S. Drake on Tuesday, August 16th, at 3 p.m.

—Leonard K. Nicholson, publisher New Orleans Times-Picayune, was a distinguished attendant at the Bay St. Louis Rotary Club Wednesday evening. He was given a most cordial welcome.

—Miss Thelma Egan has returned from St. Augustine, Fla., where she visited for two weeks as the guest of Misses Mildred and Ione von Droszkowsky, formerly of this city.

—Mr. Robert P. Hyams and his daughters, Misses Eleanor and Sallie Hyams, left Monday evening for Charleston, S. C. From there they will go to Tampa, Fla., and then to Havana, Cuba. They will be gone about two weeks.

—Mrs. Anna Owen Crawford and daughter, Miss Louise, expect to leave within the next few days for a visit to Mrs. Charles Snedeker at Thatch Meadow, Long Island. While gone they also plan to visit Niagara Falls, New York City, Washington and other points of interest.

—Mrs. R. W. Taylor, summering in one of the vine-clad and tree-embowered cottages on the South Beach Front, has as her guests from New Orleans Mrs. George A. Mahé and children, and Mrs. George R. Schwab and children, who will remain for an indefinite period.

—In the Democratic primary election last week William Colmer was elected district attorney over Luther Maples for this, the second Judicial District. R. C. Cowan, present incumbent, was not a candidate for re-election. District Attorney-elect Colmer is a resident of Pascagoula. He carried Hancock county.

—Mr. Tudor B. Carre and family, of New Orleans, have come out from the big city and are spending the remainder of the summer at the new dwelling recently completed in Carre Court, Bay St. Louis Subdivision. The family are so delighted with their stay they wish Mr. Carre to commute between "the Bay" and the Crescent City all winter.

—Miss Lucie Doize, who left Bay St. Louis recently for a summer trip to Europe, spent the latter part of July in Italy and at Rome, while visiting the Vatican met Misses Hermione Perkins and Corinne Gleason, who are touring the continent, members of a separate party. The meeting, needless to say, was unusual and an occasion for mutual pleasure.

—Henry Zambelli, for over a period of thirty consecutive seasons a summer resident of Bay St. Louis, died at his home in New Orleans Tuesday morning, a native of that city, aged 77 years. Mr. Zambelli was widely and favorably known locally by the older generation. He is survived by a brother and sister, his wife preceding him to the grave some dozen or more years ago.

—Burtin J. Ladner, a firm believer in Bay St. Louis, both as a place for investment, recently completed a modern, well-built and arranged dwelling house in Washington near Hancock street, which is readily leased to permanent tenants before completed. More dwellings of this size and attractive type, modernly equipped, would easily find demand.

—Vincent B. Smith, of the Gulf Coast, with headquarters at Gulfport, has prepared a sketch, with plans to follow, for the remodeling and renovation of the dwelling in Court street, owned by Mr. John Ososnach. The plan is most attractive and the exterior elevation promises a new dwelling of modern type for Bay St. Louis. It is planned to have the building finished for the latter part of September, and has been leased to Mr. Walter J. Gex, Jr. Architect Smith recently completed plans for a strictly Spanish Mission type dwelling, bids for the construction of which will be opened at Gulfport Monday afternoon, the building also for Bay St. Louis.

## BILBO HAD BIG LEAD, BUT THERE WILL BE A RUN-OFF

Official returns from the statewide Democratic primary held Aug. 7, announced by the Democratic state executive committee gave for governor:

Thos. G. Bilbo, 135,065.  
Dennis Murphree, 71,836.  
Mike S. Conner, 57,402.  
Albert C. Anderson, 23,528.  
Bilbo and Murphree will enter the run-off primary August 23rd.  
Mike S. Conner and Albert C. Anderson were eliminated from the run-off race for governor.

—John A. Green, Jr., after a visit to his parents, Mr. and Mrs. John A. Green, and family, on South Front street, left a few days since for his home in Houston, Texas, where he is prominently connected with the business world. The many local friends were glad to welcome him back to the old home. He motored over and returned to Texas by train.

—Senator Carl Marshall addressed a large and enthusiastic crowd at Gulfport last night in the interest of Theodore G. Bilbo, candidate for governor, and Bidwell Adam, candidate for lieutenant governor. A number of citizens of Bay St. Louis went over for the occasion.

—The school board of trustees has an advertisement in this issue of The Echo inviting bids for the sale and removal of the two-story frame school building, formerly Bay Central school, on Monday, August 15th, 7 o'clock p.m. The bidder to put up 10 percent of the amount of his bid, and also to guarantee the removal of debris and accumulations after removal.

—H. R. Geniallioni, accompanied by Sylvester Loiacono, left during the week by auto for the Brownsville section of Texas valley, where he will engage in extensive farming, growing early stuff for carload shipment to northern and eastern markets. Mr. Geniallioni has closed his contract with the Blue Meadow Road Farm, and although leaving here for different fields of endeavor, he will continue Bay St. Louis as his place of legal domicile.

—Senator Carl Marshall returned home from Jackson Monday night, where he had been since the primary election in the interest of Governor Theodore G. Bilbo. He says he never witnessed such enthusiasm for a candidate at every point in the State wherever he spoke, and that the Ex-Governor is an easy winner. Senator Marshall will shortly leave on another extensive speaking tour in the interest of Gov. Bilbo's candidacy. As one of the best and convincing speakers in the State, he will add materially to the already overwhelming following.

—It is interesting to note Bro. Peter has been retained in Bay St. Louis and as head of St. Stanislaus College for the coming year. Announcement is to the effect school session for 1927-28 will begin September 8th. Although some thirty-odd students graduated this summer these places will be filled and the number of the student body as a whole will be augmented to a number in excess of last year, according to the outlook. "St. Stanislaus" grows in popularity with each succeeding year and its motto seems to be "Upward and Onward."

—Mr. and Mrs. E. V. Richards and family, from New Orleans, are summering at "Elmwood Manor." Mr. Richards spending the time between Bay St. Louis and the Saenger interests at New Orleans. Their sons, Ernest and John, are spending the summer in Europe, visiting England first and now touring the continent. They are members of a small party, headed by Miss Barlow, teacher of Spanish and French at the N. O. Boys High school. The trip is one of education and pleasure combined and will serve in splendid stead for the young gentlemen completing their academic studies.

—The arrival of a number of women and children, some thirty or more in number, from New Orleans, at Gulfside Association's health, educational and recreational resort at Waveland's end created some misapprehension since the resorters are assigned to tents and pursue regular camping life, this in view of the fact there is no room within the several buildings. It is intimated campers might be tented in patients, but this is refuted authoritatively by the institution. The women are tired and worn-out mothers who work hard for a meagre existence and the children are victims of crowded living conditions in the big city and possibly lack of air and nourishment. This statement is here printed to correct a wrong impression and to enable the good work of health rescue to continue.

—Since the city has completed cement sidewalks along the street edges in the principal parts of the city, a force of men have put the streets and sidewalks in order after the completion of such work, it should be hoove every property owner to place their own premises in likewise order. In some places it is noted where fences were pushed back and toppled over in order to make room for the sidewalk work these fences and other debris on and inside property lines are still in the unsightly position. It is very discouraging to the adjoining neighbor and others who do have pride and civic honor about their own places and the city as well. There seems to be no law to remedy and the situation might be hopeless in some instances. Shall we seek aid from the Geneva conference or some other extraordinary tribunal of arbitration and result?

## A BRYAN RUSSELL EXPRESSES APPRECIATION

### TO THE VOTERS OF HANCOCK COUNTY.

I am taking advantage of this opportunity available to give public expression to my deep and sincere appreciation of the generous support accorded my candidacy for Representative in the primary election of August 2nd. I make grateful acknowledgment of the loyal support of my friends throughout the county, without which my nomination would not have been possible.

I accept the honor conferred on me as an expression of the confidence which the citizenship of the county reposes in my integrity, ability and fidelity; and I assure you that it shall be my constant purpose and highest ambition to so study and represent the interests of this entire county as to justify the confidence expressed in me by nominating me to be your next Representative in the Legislature.

Although I have been a citizen of this county scarcely three years, the genuine hospitality of her people has made me feel like I was a native son; the splendid expression of welcome and confidence reflected in the primary election assures me of my absorption into the citizenship of this county, and inspires in me a real passion to render service to Hancock county and her every citizen the best service of which I am capable. To this service I make complete commitment and dedicate all the powers and energies at my command.

To those who cast their ballots for me on August 2nd, I am profoundly grateful; to those who exercised their influence in my behalf, whether they could vote for me or no, I acknowledge myself deeply indebted; to those who supported my worthy opponent, either from choice or from force of circumstances, I entertain only the kindest feeling, recognizing, as I do, the right of every American citizen to exercise the privilege of voting in accordance with the dictates of his or her own judgment, unembarrassed and unfettered. And may I add a word expressing my sincere appreciation of the uniform courtesy accorded me by my distinguished opponent. The fair and friendly spirit which characterized our contest throughout the campaign, and the softening of the hardships of the campaign, and left no sore to heal nor scars to remind us of unpleasant experiences.

I know of no better way to conclude this expression of gratitude for the honor bestowed on me than by assuring you, the citizenship of this county, that I shall diligently devote myself to the study of every question affecting the welfare of Hancock county and her people so as to be prepared to intelligently and effectively represent your interests in the legislative councils of our commonwealth during the term beginning next January.

Sincerely and gratefully yours,  
A. BRYAN RUSSELL.

## Lon Chaney

### "THE UNKNOWN"

With Norman Kerry and Joan Crawford

You expect the unexpected from Lon Chaney. But even Chaney fans will get the surprise of their lives at this latest triumph of the screen's greatest character star!

An amazing drama of love, revenge, regeneration, in a thrilling circus and underworld setting.

In "Tell It to the Marines," Lon Chaney captured the country as a hard-boiled leatherneck; in "Mr. Wu," he amazed and fascinated you with his unforgettable portrayal of a sinister Chinese mandarin. He will thrill and grip you now as a man of mystery in this powerful film of circuses and underworld life in Spain.

This is, without question, the most unusual and startling characterization in Chaney's brilliant screen career! BREATHLESS DRAMA! ROMANCE YOU'LL LOVE!

## A CARD TO THE PUBLIC:

### To the Voters of Hancock County.

Bay St. Louis, Miss., August 4, 1927.  
Ladies and Gentlemen: I take this method of thanking you for the splendid support given me in the first Democratic primary, held August 2, 1927, and sincerely hope to receive even a stronger endorsement in the second, primary, August 23, 1927.

entitled to the support of my hometown people, just as Mr. Jones received the support of the Logtown voters, which he claims to be his home town.

And while my friends and a number of Mr. Mont's supporters are continually calling on me and pledging their support and influence, yet I shall continue to visit the voters and will do my best to see as many as possible in the limited time that I have to get around.

Remember, I have no money to make the race on, and no financial interest to back me, therefore I must win this race by my efforts alone and that of the support of my many friends.

Trusting that you will consider my claim seriously and if you believe that I am the best qualified man, then give me your vote on August 23rd. I am  
Yours for service,  
T. E. KELLAR.

CARD FROM FRANK GUTTEREZ.  
In my race for Justice of the Peace, Beat 5, I received such high vote as to make me eligible to enter the second primary, which will take place August 23rd. I wish to thank one and all who voted for me and to those others who in any shape, form or manner assisted me. I am both appreciative and thankful.

In entering the second race I do so soliciting the support of all who will vote for me. If elected, I will administer to the affairs of the office of J. P. conscientiously and with every degree of efficiency possible with me. In fact, in such manner that no one will ever have regret for having voted for me.

Respectfully,  
FRANK GUTTEREZ.  
August 8, 1927.

The farm labor supply and demand are in close balance this year, according to the U. S. Department of Agriculture. The supply is slightly under the demand in the North Atlantic and South Atlantic States, but disburse in the United States it seems to be plentiful. Farm wages are down slightly as compared with a year ago.

## YAU DUTY TO THEM.

### Not only is it a man's duty to provide for his wife and family's future, but it is also his duty to see that they receive what he leaves them.

This can easily be done when you make our Trust Department your executors, or co-executors with your wife. She will then have some one who knows about properties and securities to advise and help her, and your estate will be conserved and distributed exactly as you direct.

Wealthy men do this. Why not you?  
Come in and talk it over.

## FIVE FORMER GOVERNORS OF STATE STILL ARE LISTED AMONG THE QUICK INTERESTING FACTS ARE RECALLED

The death of Edmond Favors Noel, former governor of Mississippi, leaves five living former governors of this state. Noel was state senator from Holmes county at the time of his death, and served his state as governor from 1908 to 1912.

The remaining living former governors are: James K. Vardaman, A. H. Longino, Earl Brewer, Theo. G. Bilbo and Lee M. Russell.

Under the constitution of Mississippi no governor may immediately succeed himself in office, but may after the lapse of one term, be a candidate and eligible for the governorship.

Two governors, however, served longer than the specified four years term. This was prior to the law prohibiting a governor from succeeding himself.

John M. Stone, president of the senate in 1876, was made governor when Governor Adelbert Ames resigned during the year 1876 and served the remaining two years of the unexpired term and was then elected to the full term. The lieutenant governor had been impeached giving the next officer in line, the president of the senate, the highest office in the state.

When Stone's term was up Robert Lowrey was elected and served from 1882 to 1890, two full terms of four years each. At the expiration of Lowrey's term of office, Stone was again a candidate and served for six years, 1890 to 1896.

Former governors of Mississippi and their terms were: David Holmes, 1817-1820. George Poindexter, 1820-1822. Walter Leake, 1822-1825. Gerard C. Brandon, 1825-1826. David Holmes, January 7 to July 25, 1826, resigned.

Gerard C. Brandon, 1826-1832, succeeded Holmes. Charles Lynch, 1832-1833, died. Charles Lynch, June 12 to Nov. 20, 1833.

Hiram G. Runnels, 1833-1835. John A. Quitman, 1835-1836. Charles Lynch, 1836-1838.
